

Presto-Pay™ is a convenient way for your family to pay for RamBand Scrip on-line at the time you place your scrip order! Presto-Pay uses ACH, which is the same process used for direct deposit of your paycheck.¹ Our RamScrip supplier, GLSC, accepts the payment on behalf of the Band Boosters and immediately debits your checking account for the face value amount of your RamBand Scrip order, plus a

small (\$0.39) convenience fee. Note that this means that GLSC will debit you immediately even though the RamBand Scrip Coordinator places our group’s order (usually, but with some exceptions) on the first and third Tuesday of the month.

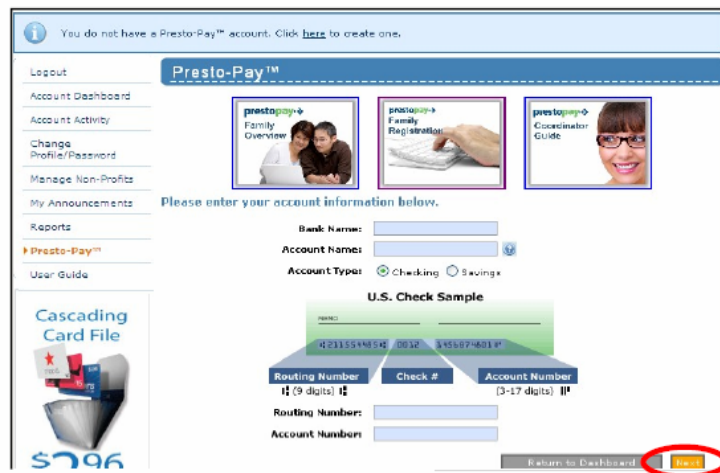

Once the Band Boosters have enabled you to use the Presto-Pay feature, you’ll see a message like the one on the left. Simply click on the “Click here” link to enroll.

Please carefully read the terms and conditions for Presto-Pay and select “Yes, and I Agree.”

On the registration page (shown at right), enter all of the required banking information and click “Next” to submit. At this point, you need to wait for GLSC to verify the account.

This process typically takes one to two business days, but it may take longer. During the next few days, watch for two small deposits of money to be made INTO to the bank account you have designated. Take note of both amounts and return to your Account Dashboard on ShopWithScrip.com. Notice the message at the top of your screen, “Your Presto-Pay Account has not been verified. Click here to verify.” Enter the amounts supplied by your bank as deposited by GLSC, and click “Next” to complete the enrollment process.

After that, you’ll receive a verification code via e-mail. Just send that to the RamBand Scrip Coordinator who will then activate your account for Presto-Pay! You are now ready to Presto-Pay!

Though you can place your RamBand Scrip order, until your account is completely verified, you will not be able to use Presto-Pay for your order. From then on you can elect to pay with PrestoPay at the time you order, and pay a modest convenience fee of \$.39 each time.

¹ PrestoPay is not a credit card system, as credit cards fees -- which can be as high as 3.00%, or more than the RamBand makes on some types of popular scrip -- reduce our program’s ability to raise money. Instead, PrestoPay uses the safe and reliable NACHA electronic funds transfer system which is just as secure, and much more affordable. To use PrestoPay, simply register your account information once in a secure environment, and then verify it again a few days later.
