***Learn the Answers
to These
Questions and More:***

- What the heck do these kids do for two weeks?
- What's a Dot Book and why aren't there any dots on the grass?
- How hard can it be to march and play an instrument at the same time?
- Why is my kid having so much fun?

Parents' Night!

Parents' Night provides you a chance for a private showing of the 2010 RamBand Field Show and a progress report from the band director, Mr. Ceresini, and his staff. Plus, you won't have to wait until the Band Fair/Pigskin Preview to check out the show! Better yet, Parents' Night will provide you with a unique perspective as it'll be the one and only time you'll be able to get as close to the marching action as you dare! Join your student on the practice field, take pictures, even learn part of the show (don't worry if you can't play an instrument, this is marching only!). Then, when you see the band on the field during the season, you'll have a far better appreciation of the hard work that's involved!

Don't miss what's quickly become a RamBand tradition!
