

RaiseRight™

RaiseRight, formerly ShopWithScrip, is a no-selling program that allows families to raise money for the Band Program's General Fund and for your student's personal account. RaiseRight can be used to pay for everyday purchases, using gift cards in place of cash, checks, and credit cards, while benefiting the band programs. It's really that simple!

You purchase gift cards through the CD Band Boosters at face value, and the RaiseRight Coordinator orders those cards at a reduced price with an instant rebate. The average rebate amount is 5%. The rebate is split 50/50 between the general fund and your Student's Account. For example, you order a gift card for \$100. The band is charged \$95 to purchase the card. The band program's general fund receives \$2.50 . and your Student's Account receives \$2.50. RaiseRight is a great way to raise funds without selling anything!
